1/7/11

*A grade of "C" or better is required to meet competency at CMU for these courses.

**Required for the Bachelor of Science in Psychology, General degree.

***Although this course satisfies the statistical component associated with the Psychology major, PSY 211 Introduction to Psychological Statistics is the preferred course and better prepares students for PSY 285 Research Methods and may be taken at CMU. If PSY 211 is elected to be taken adjustments will be made to the remaining major requirements.

To ensure the transferability of coursework please consult the CMU Online Transfer Guide at www.cmich.edu/Admissions/Transfers/What_will_transfer.htm and or The Michigan Transfer Network at www.michigantransfernet.org. Transferable courses completed with a grade of "C-" or better may be accepted.
