Blackboard

Blackboard is CMU’s web-based course management system, which means that a course website is created for every CMU course. At some point your instructor MAY make the site for this course available to you in Blackboard. Not seeing the course shell in Blackboard is generally an indication that your instructor has not made it available and is in no way indicative of registration status. To access Blackboard, open a web browser (such as Internet Explorer) and go to http://blackboard.cmich.edu. When the site loads, click the "login" button and enter your CMU Global ID and CMU email password in the spaces provided. Click the "login" button again to enter Blackboard. A welcome screen will appear with a list of available courses on the right hand side. Click the link to the appropriate course to enter the course’s Blackboard site. If you do not know your CMU global ID or password, or experience difficulties logging in, contact the IT Helpdesk at 989-774-3662 / 800-950-1144 x. 3662.
